CITIZENS OF ATHENS COUNTY, OHIO

As County Auditor, I am pleased to present our fourteenth Comprehensive Annual Financial Report (CAFR) for Athens County for the year ended December 31, 2004. This CAFR, which includes financial statements and other financial and statistical data, conforms to Generally Accepted Accounting Principles (GAAP) as applicable to governmental entities and includes the reporting model as promulgated by GASB Statement No. 34. Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rest with the County Auditor. This CAFR will provide the necessary information to the taxpayers of Athens County and other interested persons to allow them to gain a clear understanding of the County's financial affairs, as well as provide the management of Athens County with sound financial information for future decision making.

EXPLANATION OF CAFR SECTIONS

The CAFR is divided into three sections: an Introductory Section, a Financial Section and a Statistical Section. The Introductory Section includes this transmittal letter, the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting for the 2003 CAFR, the County's organizational chart and a list of elected officials. The Financial Section includes the Auditor of State's Independent Accountant's Report; management's discussion and analysis (MD&A); the basic financial statements and notes provide an overview of the County's financial position and operating results; and the combining statements for nonmajor funds and other schedules that provide detailed information relative to the basic financial statements. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

This transmittal letter is designed to compliment the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the Independent Accountants' Report.

THE COUNTY ORGANIZATION AND SERVICES PROVIDED

Athens County was organized into a separate political entity in 1805. It includes fourteen townships, eight villages, and two cities. The City of Athens is the County seat with a estimated population of 21,094. The County encompasses 484 square miles and has a population of approximately 63,187.

A three-member Board of Commissioners, eleven other elected officials including the Auditor, Treasurer, Clerk of Courts, Coroner, Engineer, Prosecutor, Recorder, Sheriff, two Common Pleas Court Judges and a Probate-Juvenile Court Judge and the department heads govern the County. Although the elected officials and the department heads manage the internal operations of their respective offices, the Board of Commissioners authorize expenditures and serves as the budget and taxing authority and contracting body.

The County Auditor serves as chief fiscal officer for the County, as well as the real property tax assessor for all political subdivisions within the County. The County Auditor is responsible for maintaining all financial records and maintaining tax rates for personal property and real estate. Once collected, the tax receipts are distributed to the appropriate political subdivision. The County Auditor is also the chief disbursing agent who, by the issuance of County warrants, makes payment to creditors for liabilities incurred by the County. The County Auditor serves as the County Sealer of Weights and Measures and as the licensing agent for certain licenses required by statute. Other programs maintained by the County Auditor include the County's payroll, the sale of Dog Tags, the Homestead Exemption program, the Current Agricultural Use Valuation program, distribution of estate tax, and the handling of manufactured homes for tax purposes.

The County Treasurer is the custodian of all County funds, collecting local property taxes and investing all idle County funds as specified by Ohio law.

Athens County employs approximately 603 people who provide various services to benefit its citizens. These services include welfare and social services, justice system services, utilities services, road and bridge services, support services, and other County services.

REPORTING ENTITY

The County's reporting entity has been defined in accordance with principles established by the Governmental Accounting Standards Board (GASB). All governmental departments, agencies, institutions, commissions, and other governmental organizations, which are not legally separate from the County and are financially accountable to the County are included in the financial statements. Legal separateness is evaluated on the basis of (1) its corporate name, (2) the right to sue or be sued and (3) the right to buy, sell, lease and mortgage property. Financial accountability is based on (1) the appointment of the governing authority and (2) the ability to impose will or (3) the providing of specific financial benefit or imposition of a specific financial burden. Another factor to consider in this evaluation is whether an entity is fiscally dependent on the County. Included within the reporting entity of the County are the Athens County Children Services and the Athens County Board of Mental Retardation/Developmentally Disabled (Beacon School). Atco, Inc. and the Athens County Port Authority, while they are separate legal entities, are reflected as component units on the basic financial statements because of the significance of their financial relationships with the County.

The County Auditor serves as fiscal agent, but the County has no financial accountability for the following legally separate agencies: the Athens County General Health District, A.D.A.M.H.S. (317) Board, the Athens County Soil and Water Conservation District and the Athens-Hocking Solid Waste District. In this report, the operations of these entities are presented in the Agency Funds. A complete discussion of the County's reporting entity is provided in Note 1 to the Basic Financial Statements.

ECONOMIC OUTLOOK

Athens County is located in the heart of southeastern Ohio; Athens County is surrounded by Perry, Morgan, Washington, Meigs, Vinton and Hocking Counties. U.S. Routes 33 and 50, along with Ohio Routes 13, 32, 56, 78, 278, 550, 682 and 691 serve the County.

The Super II Highway improving Rt. 33 from Athens to Meigs County has been completed creating a connector to Ravenswood, WV and I-77. The Rt. 33 Lancaster bypass is scheduled to be completed in 2005 and planning has begun on the Rt. 33 Nelsonville bypass.

Ohio University continues to play an important role in the economic development of Athens County. Currently, Ohio University continues capital improvement projects in varying stages of development. The Gordon K. Bush Airport improvements, the Putnam Hall renovation and the Alden Library Commons were recently completed. Projects in the construction phase are the \$60 million University Center and renovations of Biddle Hall, the Convocation Center and the Scott Quadrangle. The \$900,000 addition to the Life Sciences Research Building is being bid for construction now while the \$300,000 Gordon K. Bush Airport Sanitary Sewer and the \$15 million Engineering Learning and Research Facility will begin construction in 2006. Other projects in the planning/design phase are the Alumni Center, the \$450,000 Kennedy Museum expansion, the East Green Chilled Water Plant and renovations to Lincoln Hall.

The Plains Water and Sewer District, including the Buchtel Water and Sewer District, the LE-AX Water District, the Sunday Creek Valley Water District, the Hollister Water Association, the Bishopville Water District, Burr Oak Regional Water District and the Tupper's Plains-Chester Water District serve the rural areas of the County. The Trimble Township Waste Water Treatment facility serves Trimble Township and the villages of Glouster, Jacksonville and Trimble. The Albany Village Sewer System serves the village of Albany and its local area.

The landscape in Athens County continues to change. This year the County endured some of the most severe floods in the County's recent history. Many homeowners and businesses were devastated by the destruction but recovery efforts continue. Business fronts continue to change in Athens County as East State Street in Athens has continued its steady growth. The Athens Chamber of Commerce has relocated to East State Street and added to its staff a new Economic Development Director, Jennifer Simons. She is working aggressively to bring new business to Athens County.

COUNTY GOVERNMENT INITIATIVES

The County's Geographical Informational System (GIS) Management system continues to progress. Parcel maintenance is being accomplished and is about to be upgraded as a result of the County Auditor upgrading the CAMA database operating system. The GIS website is being upgraded with a new County owned GIS dedicated server, and has received a facelift with a new more user friendly graphic interface. The new Soils Layer is now available along with all other data on the data download page of our GIS Website. Land Use and Land Cover maps will be available in 2005. Athens County's GIS is being built at one-third the cost that other counties of similar size have experienced. The County Highway Map is being developed through use of our GIS layers and should be available in 2005 while a CAMA Data access system is being developed for the County Auditor.

The County Engineer's emphasis continued to be upon improving the safety, surfaces, and drainage of the county road system, now that all the major bridges are in good shape. A long-range plan of continued use of Federal Grant funds for major bridge replacements of previously rehabilitated bridges is being accomplished by annually designing and programming another major federal bridge replacement project. These grants have at least a ten year waiting list, so we are placing a series of bridge replacements into the programming status such that they will have already prepared plans for additional bridge replacements in case some other recipient's bridge replacement project is dropped, and their funding becomes available on short notice. Four county roads were paved in 2004 with 3 more planned for 2005. The current goal is to have an all paved county highway system by 2015.

The Plains Water & Sewer District has completed a wastewater collection system in the Village of Buchtel that serves 289 homes. The district has completed the water line upgrade in the Village of Buchtel. The Dresher sewer project is now completed at a total cost of \$669,770.

The Athens County 911 Emergency Communications has completed a county-wide radio upgrade for law enforcement while the fire service upgrade is underway. The County Engineer and township trustees radio upgrade is nearing the bidding stage.

ACCOUNTING SYSTEM AND INTERNAL CONTROLS

Athens County's accounting system is organized on a "Fund Basis". Each fund or account group is a distinct, self-balancing accounting entity. Although the County maintains its day-to-day accounting records on a cash basis, for financial reporting purposes, the County uses Generally Accepted Accounting Principles (GAAP). The basis of accounting is fully described in Note 4 to the Basic Financial Statements.

In developing the County's accounting system, much consideration was given to the adequacy of internal accounting controls. Such controls were developed to ensure reasonable, although not absolute assurance, that the County's assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and to maintain the reliability of financial records for the preparation of financial statements in accordance with GAAP. "Reasonable assurance" is based on the assumption that the cost of internal accounting controls should not exceed the benefits expected to be derived.

Athens County uses a fully automated accounting system. This system coupled with the manual auditing of each voucher prior to payment by the Auditor's office ensures that the financial information generated is both accurate and reliable.

This is the second year the County has prepared financial statements following GASB Statement No. 34 “Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments.” GASB Statement No. 34 creates new basic financial statements for reporting on the County’s financial activities as follows:

Government-wide financial statements – These statements are prepared on the accrual basis of accounting which is similar to the basis of accounting followed by businesses. The government-wide statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

Fund financial statements – These statements present information for individual major funds rather than by fund type. Nonmajor funds are presented in total in one column. Governmental funds use the modified accrual basis of accounting and include a reconciliation to the government-wide financial statements. Proprietary and fiduciary funds use the accrual basis of accounting.

Statements of budgetary comparison – These statements present comparisons of actual information to the legally adopted budget. The budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances.

BUDGETARY CONTROLS

The Board of Commissioners adopts an annual appropriation measure for the County at the beginning of each fiscal year. All disbursements or transfers of cash between funds require appropriation authority from the Board of Commissioners. Budgets are controlled at the object level within a department or fund. Purchase orders are approved by the department head and the Board of Commissioners and funds are encumbered by the Auditor prior to their release to vendors. Any purchase order that exceeds the available appropriation is not processed until adequate resources are in place. Additional information concerning the County's budgetary controls can be found in Note 4 to the Basic Financial Statements.

RISK MANAGEMENT

The County maintains a comprehensive risk management program through the purchase of various types of liability, property and crime insurance from a commercial insurer and from the County Risk Sharing Authority, Inc. (CORSA).

CORSA provides general liability insurance maintained in the amount of \$6,000,000 for each occurrence and \$6,000,000 for public officials, law enforcement and automobile liability with \$250,000 for uninsured/underinsured motorists. The deductibles for these coverages are \$2,500 for each occurrence. CORSA also provides coverage for property and crime.

Other liability insurance includes a blanket employee bond in the amount of \$1,000,000 per occurrence and all elected officials bonds required by the Ohio Revised Code.

The County has established the Employees Benefits Trust Fund, an Internal Service Fund used as a contingency fund to cover any excess costs as part of its risk management program.

Finally, the County covers all its employees under the Ohio Bureau of Worker's Compensation and also provides limited major medical, health, dental and vision insurance for those employees who choose to participate through a self insurance plan with Anthem Blue Cross and Blue Shield as the third party administrator.

Further discussion of the County's risk management policies can be found in Note 19 to the Basic Financial Statements.

CASH MANAGEMENT

The County Treasurer is the custodian of all County money and is responsible for the investment of the County funds. The County has an Investment Advisory Committee, consisting of two County Commissioners and the County Treasurer. This committee reviews the investment program and makes recommendations regarding the investment policies of the County.

Athens County's cash is pooled for the Treasurer's investment program. The County's investments were divided among demand deposit accounts, certificates of deposit, Star Ohio, repurchase agreements, and discount notes.

A majority of the County's deposits are collateralized by pooled collateral. Although these deposits are categorized by GASB as "uninsured and uncollateralized" since the collateral is not held in the County's name, by law, financial institutions may establish a collateral pool to cover all public deposits. The fair value of the pooled collateral must equal at least 105 percent of the public funds on deposit. The collateral is held by trustees, including the Federal Reserve Bank and designated third party trustees of the financial institutions.

All interest earned is allocated to the General Fund except those several funds that are mandated by Ohio law. Interest revenue earned on investments during 2004 was \$277,353 and was credited to various funds.

INDEPENDENT AUDIT

Athens County had an independent audit of all its funds by the Ohio Auditor of State for the year ended December 31, 2004. The Independent Accountant's Report of the Auditor of State can be found at the beginning of the Financial Section of this report.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Athens County, Ohio for its comprehensive annual financial report for the fiscal year ended December 31, 2003. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such a CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

ACKNOWLEDGEMENTS

The publication of this 2004 Comprehensive Annual Financial Report of Athens County which follows the format of the new reporting model required by GASB Statement No. 34 demonstrates the continual commitment to professionalism of the Athens County Auditor's Office. This report significantly increases the accountability of the management of the County to our taxpayers.

I wish to show my appreciation to the Athens County Commissioners, Elected Officials, and the many Athens County Employees whose cooperation made this report possible. I would distinctively like to thank J. L. Uhrig & Associates for their assistance and guidance in coordinating the formation of this report.

Finally, I wish to express gratitude to all the staff of the Athens County Auditor's Office who contributed to this report. Deputy Auditor Alan Ferguson's continued exertion and untiring efforts receive my personal appreciation.

Sincerely,

Jill A. Thompson
Athens County Auditor

INDEPENDENT ACCOUNTANTS' REPORT

Athens County
15 South Court Street
Athens, Ohio 45701

To the Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Athens County, Ohio (the County), as of and for the year ended December 31, 2004, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Atco, Inc., a discretely presented component unit. Other auditors audited those financial statements. They have furnished their report to us, and we base our opinion, insofar as it relates to the amounts included for Atco, Inc., on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. The other auditors audited the financial statements of Atco, Inc., in accordance with auditing standards generally accepted in the United States of America and not in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Athens County, Ohio, as of December 31, 2004, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund, Job and Family Services Fund, Road (MVGT) Fund, Children Services Fund, MR/DD (Beacon School) Fund and the Ambulance Service Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 15, 2005, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information accounting principles generally accepted in the United States of America requires. We have applied certain limited procedures, consisting principally of inquiries of management regarding the methods of measuring and presenting the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the County's basic financial statements. The Introductory Section, Combining Statements and Individual Fund Schedules, and Statistical Section provide additional information and are not a required part of the basic financial statements. We subjected the Combining Statements and Individual Fund Schedules to the auditing procedures applied in the audit of the basic financial statements. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole. We did not subject the Introductory Section and Statistical Section to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

ATHENS COUNTY, OHIO
Management's Discussion and Analysis
For the Year Ended December 31, 2004
(Unaudited)

The discussion and analysis of Athens County's financial performance provides an overview of the County's financial activities for the fiscal year ended December 31, 2004. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2004 are as follows:

Total assets of the County exceeded its total liabilities at December 31, 2004 by \$77,192,744.

The County's total net assets decreased \$1,210,892 or 1.54% from 2003 to 2004.

Program revenues of governmental activities accounted for \$24,524,948 or 55.09% of total governmental activities revenue. General revenues accounted for \$19,989,658 or 44.91% of the total governmental activities revenue.

The County had \$45,678,851 in expenses related to governmental activities; \$24,524,948 of these expenses was offset by programs specific charges for services, grants and contributions. General revenues (primarily taxes) and miscellaneous revenue of \$19,989,658 were utilized to provide for these programs.

Program revenues of business-type activities accounted for \$1,053,925 or 97.51% of total business-type activities revenue. General revenues accounted for \$26,929 or 2.49% of the total business-type activities revenue.

The County had \$1,127,501 in expenses related to business-type activities; \$1,053,925 of these expenses were offset by program specific charges for services. General revenues of \$26,929 were utilized to provide for these programs.

Among major funds, the General Fund had \$10,433,926 in revenues, \$9,561,438 in expenditures, and (\$1,006,448) in net transfers and other financing sources. The General Fund balance decreased slightly by \$133,960 from \$2,208,675 to \$2,074,715.

In 2004, the County's governmental activities related outstanding bonds decreased by \$300,000 or 10.56% to \$2,540,000. The County's governmental activities related outstanding loans had a decrease of \$64,414 or 6.18% to \$977,295. Governmental activities related bond anticipation notes outstanding at year-end were \$1,158,075, an increase of \$1,017,851 or 725.88% from the end of the prior year. Total governmental activities related debt outstanding increased in 2004 by \$653,437 to \$4,675,370.

In 2004, there was no change to the County's \$732,000 of business-type related outstanding bonds, while the County's business-type activities related outstanding loans had a net decrease of \$44,094 or 6.05% to \$684,829. Total business-type activities related debt outstanding decreased in 2004 by \$44,094 to \$1,416,829.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. These statements are organized so the reader can understand Athens County's financial position.

The Statement of Net Assets and the Statement of Activities provides information about the activities of the County as a whole and present a longer-term view of the County's finances.

ATHENS COUNTY, OHIO
Management's Discussion and Analysis
For the Year Ended December 31, 2004
(Unaudited)

Fund financial statements provide the next level of detail. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the County's most significant funds in more detail than the government-wide statements. Non-major funds are presented separately from the major funds in total and in one column. For Athens County, the General Fund is the most significant of the major funds.

REPORTING THE COUNTY AS A WHOLE

Statement of Net Assets and the Statement of Activities

One of the most important questions asked about the County's finances is "How did the County do financially during 2004?" The Statement of Net Assets and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's net assets and changes in those assets. This change in net assets is important because it tells the reader whether the financial position of the County as a whole has increased or decreased. Over time, increases or decreases in the County's net assets are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors. Some of these factors are financial and some are not. Non-financial factors include changes in the County's property tax base and the condition of the County's capital assets (roads, bridges, buildings, sewer lines, etc). These factors need to be considered when assessing the overall financial health of the County.

In the Statement of Net Assets and the Statement of Activities, the County is divided into two kinds of activities:

Governmental Activities - Most of the County's programs and services are reported here including human services, health, public safety, public works, economic development and assistance and general government. These services are funded primarily by taxes and intergovernmental revenues, including federal and state grants and other shared revenues.

Business-Type Activities - These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided.

Component Units - The County's financial statements include financial data for ATCO, Inc and the Athens County Port Authority. These component units are described in the notes to the basic financial statements. The component units are separate and may buy, sell, lease, and mortgage property in their own names and can sue and be sued in their own names.

REPORTING THE COUNTY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The fund financial statements provide detailed information about the County's major funds. The County's major governmental funds are the General Fund, Job and Family Services Fund, Road (MVG) Fund, Children Services Fund, MR/DD (Beacon School) Fund, and the Ambulance Service Fund. The County's major proprietary funds are the Plains Sewer Fund and the Buchtel Sewer Fund.

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are reported in these funds that focus on how money flows into and out of these funds and the year-end balances available for spending. These funds are reported on the modified accrual accounting method that measures cash and all other financial assets that can be readily converted to cash.

The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided along with the financial resources available.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds - The County maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for sewer and water operations. Internal service funds are an accounting device used to accumulate and allocate cost internally among the County's various functions. The County uses an internal service fund to account for its Employee Benefits Trust Fund. Because this service predominately benefits governmental rather than business-type functions, it has been included with governmental activities in the County-wide financial statements.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources from those funds are not available to support the County's programs. The accounting used for fiduciary funds is much like that used for the proprietary funds.

Notes to the Basic Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information - In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

Current assets decreased due primarily to a decrease in cash and cash equivalents held by the County.

Capital assets increased due to improvements to roads and bridges and as a result of construction in progress additions during 2004.

Current liabilities decreased due to a decrease in due to other governments caused mainly by an over advance from the state to the Job and Family Services Fund reported as a liability in 2003.

Long-term liabilities decreased due to the retirement of the County's bonds and loans.

As noted earlier, the County's net assets, when reviewed over time, may serve as a useful indicator of the County's financial position. In the case of the County, assets exceeded liabilities by \$77,192,744. By far, the largest portion of the County's net assets (84.37%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the County's net assets represents resources that are subject to restrictions on how they can be used. These resources accounted for 15.67% of total net assets. The remaining negative balance of (\$33,980) or (0.04%) which are unrestricted net assets may be used to meet the County's ongoing obligations to citizens and creditors. Total net assets decreased

Governmental Activities

The most significant program expenses for the County are Human Services, Legislative and Executive, Public Safety, and Public Works. These programs account for 89.43% of the total governmental activities. Human Services, which accounts for 56.47% of the total, represents costs associated with providing services for various state and locally mandated public assistance and welfare programs for families and individuals. These expenses reflect programs administered by Job and Family Services, Board of Mental Retardation, Child Support Enforcement Agency and Children Services. Public Works, which accounts for 13.08% of the total, represents costs associated with the operation of the County Engineer in maintaining the county's roads and bridges. Legislative and Executive expenses, which was 10.82% of the total, represents cost associated with the general administration of county government including the County Commissioners, Auditor, Treasurer, Prosecutor and Recorder. Public Safety, which represents 9.06% of the total, represents costs mainly associated with the operation of the Sheriff's Department and 911 Emergency Communication.

ATHENS COUNTY, OHIO
Management's Discussion and Analysis
For the Year Ended December 31, 2004
(Unaudited)

Funding for the most significant programs indicated above is from charges for services, operating grants, and in some instances property and sales taxes. The Child Support Enforcement and Jobs and Family Services Departments are basically funded with federal and state monies. Children Services and Board of Mental Retardation are partially supported by voted property tax levies. The operation of the Sheriff's Department is funded through the General Fund, while 911 Emergency Communication is funded through a sales tax. The most significant funding sources for the County Engineer are motor vehicle license fees and gasoline taxes.

As noted previously, the net assets for the governmental activities decreased \$1,164,245 or 1.62%. This is a change from last year when net assets increased \$101,825 or 0.14%. Total revenues decreased \$2,234,325 or 4.78% from last year and expenses decreased \$968,255 or 2.08% from last year.

The major factor in the change in revenues is significant decreases in program revenues from operating grants, which decreased \$2,226,908 or 10.66% due almost entirely to a reduction in state funding for programs administered by Job and Family Services and Children Services. This was offset somewhat when property taxes increased \$410,960 or 4.71% due to new construction.

Expenses decreased by \$968,255 or 2.08%. Increases in the major and nonmajor fund expenses were offset by a significant decrease of \$1,888,487 or 27.65% in the General Government Legislative and Executive expense. The reason for this is that in 2003 a road was given to a township by the County with the loss on the disposal of this infrastructure being reflected as an expense. There was no such expense in 2004.

Table 3, for governmental activities, indicates the total cost of services and the net cost of services. The Statement of Activities reflects the cost of program services and the charges for services and sales, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

Table 3
Governmental Activities

	Total Cost of Services 2004	Net Cost of Services 2004
General Government		
Legislative and Executive	\$4,940,844	\$3,109,172
Judicial	2,373,755	1,704,446
Public Safety	4,138,045	3,594,291
Public Works	5,976,002	394,749

Interest and Fiscal Charges	176,390	176,390
 Total Expenses	 \$45,678,851	 \$21,153,903

It should be noted that 53.69% of the costs of services for governmental activities are derived from program revenues including charges for services, operating grants, capital grants and other contributions.

The \$10,299,402 in net cost of services for Human Services demonstrates the costs of services that are not supported from state and federal resources. As such, the taxpayers have approved property tax

levies for several programs including the Board of Mental Retardation and Children Services. For 2004, the net cost of providing these Human Services was only 39.93% of total cost.

For Legislative and Executive, the \$3,109,172 in net cost of services indicates primarily the General Fund support provided for the operation of the general administration of the county government.

Business-Type Activities

To date, program revenues have been adequate to cover the costs of operation for the County's business-type activities.

Governmental Funds

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year. These funds are accounted for using the modified accrual basis of accounting. The County's governmental funds reported combined ending fund balances of \$11,775,989 (92.61% is unreserved), a decrease of \$2,697,659 or 18.64% from last year.

The General Fund is the primary operating fund of the County. At the end of 2004, the total fund balance in the General Fund was \$2,074,715 of which \$2,058,002 was unreserved. During the year, revenues exceeded expenditures by \$872,488. Planned operating transfers to various other funds mainly for debt payments and capital projects reduced the change in fund balance to a decrease of \$133,960.

For the other major funds of the County's governmental funds, the Job and Family Services Fund balance decreased by \$526,008 due to a further decrease in state and federal funding levels and the transfer of funds to establish a separate Work Incentive Act (WIA) fund. The Road (MVG) Fund balance decreased by \$239,300 due to a decrease in other revenue while the MR/DD (Beacon School) Fund balance increased slightly by \$32,399 or 1.47% and the Ambulance Service Fund balance increased \$100,552 due to a decrease in planned expenditures. Finally, the Children Services Fund balance decreased by \$1,395,797 or 76.87% due to a significant decrease in state funding levels.

Proprietary Funds

The County's enterprise funds are the Plains and Buchtel Water and Sewer funds, Rural Solid Waste and Athens County Solid Waste. The County provides water and sewer services to over two thousand customers in The Plains and Buchtel. Net assets of the enterprise funds at year end were \$6,511,162, of which \$1,934,151 was unrestricted.

The County's two major enterprise funds are the Plains Sewer and the Buchtel Sewer Funds which, at year end, had net assets of \$2,765,211 with \$1,131,328 of that unrestricted and \$2,362,857 of which \$105,253 was unrestricted, respectively. During 2004, the Plains Sewer Fund net assets increased by \$31,501 or 1.15% while the Buchtel Sewer Fund net assets decreased by \$54,631 or 2.26%.

Budgetary Highlights – General Fund

By state statute, the Board of County Commissioners adopts the annual operating budget for the County effective on the first day of January. The County's appropriations are restricted by the amount of anticipated revenues certified by the Budget Commission in accordance with the Ohio Revised Code. For the County's General Fund, changes from the original to the final budget have been minimal.

For the General Fund, the final budgeted revenues were \$9,794,907 representing a \$24,474 increase from the original budgeted estimates of \$9,770,433. The final budget reflected a 0.25% increase from the original budgeted amount. There was a 4.59% positive variance in actual revenues as compared to the

ATHENS COUNTY, OHIO

final budget in the General Fund. This was due to the receipt of unanticipated property tax and sales tax. For the General Fund, the final budget basis expenditures were \$10,147,125 representing an increase of only \$155,509 or 1.56% from the original budget. There was a 4.54% positive variance in actual expenditures as compared to the final budget in the General Fund. This was due to the fact that the various departments kept their spending levels below their appropriations.

Capital Assets and Debt Administration

Capital Assets - The County's investment in capital assets for governmental and business-type activities as of December 31, 2004, amounts to \$65,131,589 (net of accumulated depreciation and related debt). This investment in capital assets includes land, buildings, improvements, equipment and infrastructure. Note 16 (Capital Assets) provides capital asset activity during the 2004 fiscal year. During 2004, additional costs of \$1,002,272 were incurred for the various construction projects of the County.

During 2004, various roads were resurfaced and bridges improved bringing the infrastructure investment of the County to a total of \$66,913,003.

Long-term Debt - At December 31, 2004, the County had total bonded debt outstanding of \$2,540,000. The County's long-term bonded debt decreased by \$300,000 (10.56%), while its long-term loan debt had a net decrease of \$64,414 (6.18%) during 2004.

Standard and Poor's rated the last general obligation bonds issued by the County as "AAA".

In addition to the bonded debt and loans, the County's long-term obligations include compensated absences and capital lease obligations. Additional information on the County's long-term debt can be found in Note 9 of this report.

Economic Factors

The unemployment rate for the County as of December, 2004 was 5.8%, which increased from a rate of 5.2% the previous December. This rate was above the national and state unemployment rates of 5.1% and 5.7%, respectively, for that same month.

Athens County is the home of Ohio University and Hocking College with a significant agricultural presence. The County's \$742.21 million tax base has grown at an average annual rate of 6.44% over the last five years. This growth is attributed to the significant new construction that has occurred over the last five years and the revaluation of property within the County to reflect current fair market values.

Revenue from the County's 1.25% sales tax, the largest revenue source for the County's General Fund and 911 Emergency Communication, has grown at an average annual rate of 3.59% over the past five years. As of May 2005, sales tax is up 9.98% over 2004.

Current low market interest rates are having a significant impact on the County's revenues. Investment earnings in 2004 were down \$125,615 or 31.17% from 2003. Total investment earnings for all funds totaled \$277,353 in 2004, down from \$402,968 in 2003.

ATHENS COUNTY, OHIO
Reconciliation of Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2004

Net Change in Fund Balances - Total Governmental Funds (\$2,697,659)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period:

Capital Outlay	4,326,302	
Depreciation	<u>(3,538,241)</u>	
Total		788,061

Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the Statement of Activities, a gain or loss is reported for each disposal. (63,629)

Revenues in the Statement of Activities that do not provide current financial resources are not reported in the funds:

Intergovernmental Revenue	132,103	
Property Taxes	<u>252,292</u>	
Total		384,395

Repayment of bond principal and capital leases is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. 407,607

In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. 1,032

Some expenses reported in the Statement of Activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. 5,178

In the Statement of Activities, landfill post-closure costs are offset by a reduction of the liability whereas in governmental funds, actual expenditures are reported. 37,189

An internal service fund is used by management to pay excess insurance costs. This fund is not included in the governmental funds. (26,419)

Change in Net Assets of Governmental Activities (\$1,164,245)

See accompanying notes to the basic financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 1 - DESCRIPTION OF ATHENS COUNTY AND REPORTING ENTITY

A. Athens County

Athens County is a political subdivision of the State of Ohio and was established in 1805. The three member Board of County Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer and tax assessor and the County Treasurer serves as the custodian of all County funds and as tax collector. In addition, there are six other elected administrative officials provided for by Ohio law which include the Clerk of Courts, Recorder, Coroner, Engineer, Prosecuting Attorney and Sheriff. The judicial branch of the County includes two Common Pleas Court Judges, and one Juvenile Court and Probate Court Judge.

The County's major operations include human and social services, health and community assistance services, law enforcement services, road and bridge maintenance services, as well as other general and administrative support services.

B. Reporting Entity

As required by generally accepted accounting principles, the basic financial statements present Athens County (the primary government) and its component units. The component units that are discussed later in Note 2 are included in the County's reporting entity because of the significance of their financial relationship with the County.

For financial reporting purposes, the County complies with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, in defining the financial reporting entity. The financial reporting entity consists of the County as the primary government, which includes all the elected officials, organizations, activities and functions that are not legally separate from the County and whose corporate powers the County holds. The financial reporting entity also includes the component units for which the elected officials of the County are financially accountable or for which the County is not financially accountable, but the nature and significance of their relationship with the County are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate entities that meet any of the following criteria: (1) The primary government appoints the voting majority of the potential component unit's board, and (a) the primary government is able to impose its will on the potential component unit or (b) the primary government is in a relationship of financial benefit or burden with the potential component unit; (2) The potential component unit is fiscally dependent upon the primary government or; (3) The financial statements would be misleading if data from the potential component unit were not included.

Based on this criteria, the County has included ATCO, Inc. and the Athens County Port Authority as discretely presented component units in the basic financial statements as stated in Note 2.

The County participates in the following jointly governed organizations which are presented in Note 3.

- ❖ 317 Board (Alcohol, Drug Addiction and Mental Health Services)
- ❖ Athens-Hocking Solid Waste District
- ❖ County Risk Sharing Authority (CORSA)

In the case of the districts and commissions listed below the County serves as fiscal agent. However, each is a legally separate entity with no financial accountability to the County so the activity of each entity is presented in the agency funds within Athens County's financial statements:

- ❖ Athens County General Health District
- ❖ Athens County Soil and Water Conservation District
- ❖ Regional Planning Commission

NOTE 2 - DISCRETELY PRESENTED COMPONENT UNITS

Because of their financial relationship with the County, the following organizations are part of the Athens County reporting entity and are presented as individual component units. The component unit columns in the basic financial statements reflect the financial data of Atco, Inc. and the Athens County Port Authority for the fiscal year ending December 31, 2004. They are reported in separate columns to emphasize that they are legally separate from the County.

Atco, Inc.- A non-profit organization consisting of a self-appointing Board of Trustees with expertise in industry and labor, education, civil administration, mental retardation and developmental disabilities and parents of persons with mental retardation or developmental disabilities. The organization provides a workshop to provide employment, vocational training, occupational counseling and evaluation. The County Board of Mental Retardation and Developmental Disabilities provides the management, staff personnel, land, facilities and certain other administrative costs at no charge to Atco, Inc. These costs are approved by the County Commissioners as part of the County Board of Mental Retardation and Developmental Disabilities budget. Based on the significant services and resources provided by the County to this organization, and this organization's sole purpose of providing assistance to the mentally retarded and developmentally disabled adults of the County, this organization is reflected as a component unit of the County.

Significant disclosures pertaining to this component unit are included in Note 22. Complete financial statements of the individual component unit can be obtained from the administration offices of Atco, Inc., 21 S. Campbell St., Athens, Ohio, 45701.

Athens County Port Authority - A governmental non-profit organization created pursuant to Ohio Revised Code Sections 4582.21 to 4582.59, by a resolution adopted by the Athens County Board of Commissioners on November 20, 1995. The Port Authority is operated by a nine member board appointed by the Athens County Commissioners. Additionally, the County provides financial support to and has guaranteed the debt of the Port Authority. As a result of this relationship, the Port Authority is a component unit of the County.

Significant disclosures pertaining to this component unit are included in Note 22. Complete financial statements of the individual component unit can be obtained from Robert A. Jackson, CPA, 414 Chestnut Street, Nelsonville, Ohio, 45754.

NOTE 3 - JOINTLY GOVERNED ORGANIZATIONS

317 Board (Alcohol, Drug Addiction and Mental Health Services): The 317 Board is a jointly governed organization that serves Athens, Hocking and Vinton Counties, and is established for the purpose of providing alcohol, drug addiction and mental health services to the residents of these counties. Each participating county has agreed to levy a tax within their county to assist in the operation of the Board, whose passage requires a majority in the total three county district.

This entity is governed by an eighteen member board that is responsible for its own financial matters and operates autonomously from Athens County. The Athens County Auditor serves as fiscal agent for the revenues of the Board, but the Board is responsible to budget and account for its resources. Nine of the board members are appointed by the commissioners of the member counties apportioned by population. Five of the remaining members are appointed by the Ohio Department of Alcohol and Drug Addiction Service and the other four members are appointed by the Ohio Department of Mental Health. The Board derives its revenue from local property taxes, intergovernmental grants and reimbursements, and other miscellaneous revenue. Athens County has no ongoing financial interest or responsibility in this Board. The Board's activities are presented as an agency fund since the County Auditor is its fiscal agent.

Athens-Hocking Solid Waste District - The County, in conjunction with Hocking County, has created a Joint Solid Waste Management District which is responsible for the maintenance, protection and use of solid waste collection, transfer, disposal, recycling or resource recovery facilities located within each county. The District board is composed of the three commissioners plus one other representative from each county. The County contributed \$5,000 in start up costs to the District. However, Athens County has no ongoing financial interest or responsibility in this District. The County Auditor is the fiscal agent for the District, thus, the activities of the District are reflected as an agency fund of the County.

County Risk Sharing Authority (CORSA) - The County Risk Sharing Authority, Inc. (CORSA) is a jointly governed organization among 49 counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA.

Each member County has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA but they have no responsibility for the payment of the certificates. The County does not have an equity interest in CORSA.

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental activities and to its proprietary funds provided they do not conflict with or contradict GASB pronouncements. The County has elected not to apply FASB statements and interpretations issued after November 30, 1989, to its business-type activities and enterprise funds. The most significant of the County's accounting policies are described below.

A. Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements - The Statement of Net Assets and the Statement of Activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The Statement of Net Assets presents the financial condition of the governmental and business-type activities of the County at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. The policy of the County is to not allocate indirect expenses to functions in the Statement of Activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the County.

Fund Financial Statements - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the County's major governmental funds:

General Fund - This fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Job and Family Services Fund - This fund accounts for various Federal and State grants, as well as transfers from the General Fund that are used to provide public assistance to general relief recipients and to pay their providers of medical assistance and certain public social services.

Road (MVGT) Fund - This fund accounts for the County road and bridge maintenance, repair and improvement programs. Revenue sources include Federal and State grants and distributions of Motor Vehicle Gas Taxes (MVGT).

Children Services Fund - This fund accounts for money received from a property tax, various Federal and State grants, veterans assistance and social security that are used for foster children.

MR/DD (Beacon School) Fund - This fund accounts for the operation of the Beacon School, workshop and resident homes for the mentally retarded and developmentally disabled. Revenue sources include a County-wide property tax levy and Federal and State grants.

Ambulance Services Fund - This fund accounts for money received from a property tax levy collected to pay the contract with the Southeast Ohio Emergency Medical Services for ambulance service.

The other governmental funds of the County account for grants and other resources whose use is restricted for a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds are used to account for activities for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Plains Sewer Fund - This fund accounts for sewer services provided to individual users in The Plains.

Buchtel Sewer Fund - This fund accounts for sewer services provided to individual users in the village of Buchtel.

The other enterprise funds of the County account for water services provided to individual users in The Plains and Buchtel.

Internal Service Fund - The Employee Benefits Trust Fund internal service fund accounts for funds held in reserve to cover excess costs in providing health insurance for the County's employees.

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fiduciary Funds - Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The County's fiduciary funds are private-purpose trust funds and agency funds. The County's private-purpose trust funds are established to account for assets that are used for the educational and other needs of children in the custody of Children's Services, the maintenance and operation of a public park, as well as assets (escheat property) that are held for individuals as unclaimed funds. The County's agency funds account for assets held for political subdivisions in which the County acts as fiscal agent and for taxes, state-levied shared revenues, and fines and forfeitures that have been collected and which will be distributed to other political subdivisions.

C. Measurement Focus

Government-Wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the Statement of Net Assets.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the Statement of Net Assets. The Statement of Changes in Fund Net Assets presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The Statement of Cash Flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

The private purpose trust funds are reported using the economic resources measurement focus.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

ATHENS COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the taxable sale takes place. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 17). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent property taxes, sales taxes, charges for services and fees, fines and forfeitures, state-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), grants, and interest.

Deferred Revenue - Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Property taxes for which there is an enforceable legal claim as of December 31, 2004, but which were levied to finance year 2005 operations, have been recorded as deferred revenue. Grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. No budgets or appropriations were prepared for the DUI Grant, ACENET Revolving Loan, Litter Control, TCMPSA Grant, Clean Kids Grant, OCJS Prosecutor, Jail Bond Retirement, Beacon Bond Retirement, Plains Water Assessment Bond Retirement, Plains Sewer Assessment Bond Retirement, County Home Improvement, Dog Shelter Construction, Ruth Dye Trust, and Athens County Solid Waste funds as no activity was anticipated for them. The Emergency Home Repair Loan Fund did not have any actual cash activity or any cash fund balance, nor was any activity budgeted for the year. As a result, no budgetary schedule is presented for this fund. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department, and object level.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the final amended certificate of estimated resources issued during 2004.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

F. Cash, Cash Equivalents, and Investments

To improve cash management, cash received by the County is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the County's records. Each fund's interest in the pool is presented as "cash and cash equivalents".

Cash and cash equivalents that are held separately with the departments of the County, and not included in the County Treasury, are recorded as "cash and cash equivalents in segregated accounts".

During 2004, investments were limited to STAR Ohio, repurchase agreements, certificates of deposit, money market accounts, discount notes and other interest bearing accounts with local commercial banks.

ATHENS COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investments are reported at fair value, except for nonnegotiable certificates of deposit which are reported at cost. Fair value is based on quoted market prices. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on December 31, 2004.

Under existing Ohio statutes all investment earnings are assigned to the General Fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the General Fund during 2004 amounted to \$230,465, which includes \$220,793 assigned from other County funds.

For presentation on the financial statements, funds included within the Treasurer's cash management pool and investments with original maturities of three months or less are considered to be cash and cash equivalents.

G. Inventory

On government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as an expenditure in the governmental funds.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2004, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net assets but are not reported in the fund financial statements. Capital assets utilized by the enterprise fund are reported both in the business-type activities column of the government-wide statement of net assets and in the fund.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County raised its capitalization threshold from \$500 to \$1,000 in 2003. The County's infrastructure consists of roads, bridges, culverts, water lines and sanitary sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

ATHENS COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Improvements Other Than Buildings	5-30 years	5-30 years
Plant And Facilities (Water and Sewer Lines)		50 years
Buildings	25-50 years	25-50 years
Furniture and Equipment	5-30 years	5-30 years
Infrastructure	20-75 years	

J. Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the Statement of Net Assets, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

K. Compensated Absences

The County reports compensated absences in accordance with the provisions of GASB Statement No. 16, "Accounting for Compensated Absences" as interpreted by Interpretation No. 6 of the GASB, "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements".

Vacation and compensatory time benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability to the extent that it is probable that the benefits will result in termination payments. Employees are entitled to be compensated for up to 25% of accrued sick leave (with a maximum amount of 210 hours based on a 35 hour work week) credit after 10 years of service. There is no maximum for employees of Children Services.

The entire compensated absence liability is reported on the government-wide financial statements.

For governmental funds, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignation or retirement. These amounts are recorded in the account "compensated absences payable" in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported on the fund financial statements. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

ATHENS COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 4 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

L. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported on the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability on the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability in the governmental fund financial statements when due.

M. Fund Balance Reserves

The County reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available, spendable resources and therefore are not available for appropriation or expenditure. Fund balance reserves have been established for encumbrances and loans.

N. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, net of related debt, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The County's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water and sewer services. Operating expenses are necessary costs incurred to provide the goods or services that is the primary activity of the fund. Revenues and expenses not meeting these definitions are reported as nonoperating.

P. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Q. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2004.

R. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 5 – PRIOR PERIOD ADJUSTMENTS

NOTE 6 – BUDGETARY BASIS OF ACCOUNTING

While the County is reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance-Budget (Non-GAAP Budgetary Basis) and Actual is presented for the General Fund and major special revenue funds on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and modified accrual GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures for all funds (budget basis) rather than as a reservation of fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund and major special revenue funds:

NOTE 7 - CASH, DEPOSITS AND INVESTMENTS

State statutes classify monies held by the County into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Treasurer has identified as not required for use within the current two year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies, which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including pass book accounts.

Monies held in the County Treasury are pooled for the purpose of investment management. The County is authorized to invest in those instruments identified in section 135.35 of the Ohio Revised Code. Specifically, these authorized instruments consist of:

- (1) Bonds, notes or other obligations guaranteed by the United States or those for which the full faith and credit of the United States is pledged;
- (2) Bonds, notes, debentures or other obligations or securities insured by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal arm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- (3) Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to fair value daily, and that the term of the agreement must not exceed thirty days;
- (4) Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
- (5) Time certificates of deposit, savings or deposit accounts, including, but not limited to, passbook accounts;
- (6) No-load money market mutual funds consisting exclusively of obligations described in sections (1) or (2) of this note and repurchase agreements secured by such obligations, provided that investments in securities are made only through eligible institutions.
- (7) The State Treasurer's investment pool (STAR Ohio);
- (8) Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange securities described in section (1) or (2) or cash or both securities and cash, equal value for equal value;

NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 7 - CASH, DEPOSITS AND INVESTMENTS - Continued

- (9) High grade commercial paper with a maturity that does not exceed 180 days and an amount that does not exceed ten percent of the aggregate value of the outstanding commercial paper of the issuing corporation; and
- (10) Bankers acceptances with a maturity that does not exceed 180 days and that are eligible for purchase by the Federal Reserve System.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The amounts available for deposit and investment are as follows:

* Cash and Cash Equivalents (Carrying Amounts):	
- Pooled	\$18,042,760
- Segregated	601,281
- Component Units	396,189
* Reconciling items (net) to arrive at bank balances of deposits	2,057,688
Total available for deposit and investment (Bank balance of deposits/carrying amount of investments).	\$21,097,918

Any depository that receives a County deposit or investment is required to pledge to the investing authority as collateral eligible securities of aggregate fair value that, when added to the portion of the deposit by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, equals or exceeds the amount of County funds deposited.

A public depository may, at its option, pledge a single pool of eligible securities to secure the repayment of all public monies held by the depository. The pool of securities so pledged must have a current fair value at least equal to 105% of all public monies on deposit with the depository including the amount covered by federal insurance.

GASB Statement No. 9 requires the County to report cash flows for the Proprietary Funds and its Component Units. For purposes of the Statement of Cash Flows, Proprietary Fund participation in the County Treasurer's investment pool and component unit accounts are treated as demand deposit accounts and regarded as cash and cash equivalents on the balance sheet. In addition, all highly liquid investments held in segregated accounts, with an original maturity of three months or less when purchased, are also considered cash and cash equivalents. Only separate investments are reported as investments on the balance sheet.

NOTE 7 - CASH, DEPOSITS AND INVESTMENTS - Continued

The Governmental Accounting Standards Board (GASB Statement No. 3) has established credit risk categories for deposits and investments as follows:

Category 1 - Investments that are insured or registered, or securities held by the County or its agent in the County's name;

Deposits that are insured or collateralized with securities held by the County or its agent in the County's name;

Category 2 - Investments that are uninsured and unregistered, with securities held by the counter-party's trust department or agent in the County's name;

Deposits that are collateralized with securities held by the pledging financial institution's trust department or agent in the County's name.

Category 3 - Investments that are uninsured and unregistered, with securities held by the counter-party or its trust department or agent but not in the County's name;

Deposits that are uncollateralized or collateralized with securities held by the pledging financial institution, or its trust department or agent but not in the County's name.

Based on the above criteria, the County deposits and investments at December 31, 2004 are classified as follows:

ATHENS COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 9 - LONG-TERM DEBT AND OTHER OBLIGATIONS – Continued

Long-Term Bonds and Loans: A general obligation bond, a revenue anticipation bond, four OWDA loans and a Rural Development loan are retired through the Enterprise Funds, from charges for services revenues. Two general obligation bonds and two OWDA loans are retired through Debt Service Funds from governmental tax revenues.

Compensated Absences: Upon retirement, employees with at least five years of credited service are paid twenty five percent (25%) (to a maximum of 210 hours except for employees of Children Services) of their accrued sick leave. Vacation time is vested for employees after a minimum of one year of credited service. Unused vacation may be accumulated up to three (3) years according to Ohio law. Compensatory time may also be accumulated by employees but must be used within specified limits. However, certain departments have the option of being compensated for overtime worked in lieu of compensatory time off. All sick leave, vacation and compensatory time is compensated at the employee's current rate of pay at the time of retirement or termination. Compensated absences are paid from the fund from which the respective employee's salaries are paid.

Capital Lease Obligations: The County has entered into agreements to lease equipment and other assets. Such agreements are, in substance, lease purchases and are reflected as capital lease obligations in the financial statements. Capital lease payments are reflected as debt service in the financial statements for the Governmental Funds. The deductions to the capital leases reported above includes \$43,193 of debt service principal. The capital lease obligations reflected above represents the present value of the net future minimum lease payments on all capital leases.

The County's future minimum lease payments under lease obligations which have been capitalized as of December 31, 2004 are as follows:

Year Ended December 31	Capital Lease Payments
2005	\$35,716
2006	2,889
2007	1,204
Total Minimum Lease Payments	39,809
Less: Amount Representing Interest	(414)
Present Value of Net Minimum Lease Payments	\$39,395

Landfill Closure and Post-Closure Costs: State and federal laws and regulations require the County to place a final cover on the Athens County 691 landfill site as it has stopped accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The landfill was certified as closed in October, 1998. The \$2,841,906 reported is the estimated cost of the post-closure maintenance and monitoring.

Conduit Debt Obligations: From time to time, the County has issued Industrial Development Bonds, Hospital Revenue Bonds and Housing Revenue Bonds to provide financial assistance to private sector entities for the acquisition of industrial, commercial, health-care and housing facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the County, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

NOTE 12 - DEFINED BENEFIT PENSION SYSTEMS AND POSTEMPLOYMENT BENEFITS

A. DEFINED BENEFIT PENSION SYSTEMS

1. Ohio Public Employees Retirement System (OPERS)

The County participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both employer and member contributions (employer contributions vest over five years at 20% per year). Under the member directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the traditional and combined plans. Members of the member directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 E. Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-6701 or 800-222-7377.

The Ohio Revised Code (ORC) provides statutory authority for employee and employer contribution rates. Plan members, other than those engaged in law enforcement were required to contribute 8.5% of their annual covered salary to fund pension obligations and for 2004 the County was required to contribute 13.55%. For law enforcement employees, the employee contribution was 10.1% and the employer contribution was 16.70% for 2004. Contributions are authorized by state statute. The contribution rates are determined actuarially. The County's required contributions for pension obligations to the traditional and combined plans for the years ended December 31, 2004, 2003, and 2002 were \$2,335,913, \$2,459,879 and \$2,409,171, respectively; 73.38% has been contributed for 2004 and 100% for 2003 and 2002. Of the 2004 amount, \$664,199 was unpaid at December 31, 2004 and is recorded as a liability in the respective funds. Contributions to the member-directed plan for 2004 were \$11,071 made by the County and \$6,945 made by the plan members.

2. State Teachers Retirement System (STRS)

The County contributes to the State Teachers Retirement System of Ohio (STRS), a cost-sharing multiple-employer public employee retirement system administered by the State Teachers Retirement Board. STRS provides retirement benefits, disability, survivor, and health care benefits based on eligible service credit to members and beneficiaries. Benefits are established by Chapter 3307 of the Ohio Revised Code. STRS issues a publicly available financial report that includes financial statements and required supplementary information for STRS. That report may be obtained by writing to the State Teachers Retirement System, 275 East Broad Street, Columbus, Ohio 43215-3771, or by calling (614) 227-4090.

New members have a choice of three retirement plans, a Defined Benefit (DB) Plan, Defined Contribution (DC) Plan, and a Combined Plan. The DB Plan offers an annual retirement allowance based on final average salary times a percentage that varies based on years of service or an allowance based on member contributions and earned interest matched by STRS Ohio funds, times an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5% of earned compensation into an investment account. Investment decisions are made by the

member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The Combined Plan offers features of both the DC Plan and the DB Plan. In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. DC Plan and Combined Plan members will transfer to the Defined Benefit Plan during their fifth year of membership unless they permanently select the DC Plan or Combined Plan. Existing members with less than five years of service credit as of June 30, 2001, were given the option of making a one time irrevocable decision to transfer their account balances from the existing DB Plan into the DC Plan or the Combined Plan. This option expired on December 31, 2001.

A DB Plan or Combined Plan member with five or more years credited service that becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members, who die before retirement, may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

For the fiscal year ended June 30, 2004, plan members were required to contribute 10% of their annual covered salaries. The County was required to contribute 14% for 2004, with 13% being the portion used to fund pension obligations. For fiscal year 2003, the portion used to fund pension obligations was also 13%. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10% for members and 14% for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The County's pension contributions for the years ended December 31, 2004, 2003 and 2002 were \$75,399, \$87,363 and \$100,971, respectively; 92.93% has been contributed for 2004 and 100% for 2003 and 2002. Of the 2004 amount, \$5,327 was unpaid at December 31, 2004 and is recorded as a liability in the MR/DD Fund.

B. POSTEMPLOYMENT BENEFITS

1. Ohio Public Employees Retirement System (OPERS)

The Ohio Public Employees Retirement System (OPERS) provides postretirement health care coverage to age and service retirees with ten or more years of qualifying Ohio service credit with either the traditional or combined plans. Health care coverage for disability recipients and primary survivor recipients is available. The health care coverage provided by the retirement system is considered an Other Postemployment Benefit as described in GASB Statement No. 12. A portion of each employer's contribution to the traditional or combined plans is set aside for the funding of postretirement health care based on authority granted by State statute. The 2004 local government employer contribution rate was 13.55 percent of covered payroll (16.7 percent for public safety and law enforcement); 4 percent of covered payroll was the portion that was used to fund health care.

Benefits are advance-funded using the entry age normal actuarial cost method. Significant actuarial assumptions, based on OPERS's latest actuarial review performed as of December 31, 2003, include a rate of return on investments of 8 percent, an annual increase in active employee total payroll of 4 percent compounded annually (assuming no change in the number of active employees) and an additional increase

in total payroll of between .50 percent and 6.3 percent based on additional annual pay increases. Health care premiums were assumed to increase 4 percent annually.

All investments are carried at market. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually.

The number of active contributing participants was 369,885. Actual employer contributions for 2004 which were used to fund postemployment benefits were \$727,712. The actual contribution and the actuarially required contribution amounts are the same. OPERS's net assets available for payment of benefits at December 31, 2003, (the latest information available) were \$10.5 billion. The actuarially accrued liability and the unfunded actuarial accrued liability were \$26.9 billion and \$16.4 billion, respectively.

In December 2001, the Board adopted the Health Care "Choices" Plan. The Choices plan will be offered to all persons newly hired in an OPERS covered position after January 1, 2003, with no prior service credit accumulated toward health care coverage. Choices will incorporate a cafeteria approach, offering a broader range of health care options. The Plan uses a graded scale from ten to thirty years to calculate a monthly health care benefit. This is in contrast to the ten-year "cliff" eligibility standard for the present Plan.

The benefit recipient will be free to select the option that best meets their needs. Recipients will fund health care costs in excess of their monthly health care benefit. The Plan will also offer a spending account feature, enabling the benefit recipient to apply their allowances toward specific, medical expenses, much like a Medical Spending Account.

2. State Teachers Retirement System (STRS)

The County provides comprehensive health care to benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS). Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare premiums. Benefit provisions and the obligations to contribute are established by the System based on authority granted by State statute. The system is on a pay-as-you-go basis.

All STRS benefit recipients and sponsored dependents are eligible for health care coverage. The STRS Board has statutory authority over how much, if any, of the health care costs will be absorbed by STRS. All benefit recipients pay a portion of the health care cost in the form of a monthly premium. By law, the cost of coverage paid from STRS funds is included in the employer contribution rate, currently 14% of covered payroll. For the fiscal year ended June 30, 2004, the STRS Board allocated employer contributions equal to 1% of covered payroll to the Health Care Reserve Fund. For the County, this amount equaled \$5,386 for fiscal year 2004.

STRS pays health care benefits from the Health Care Reserve Fund. At June 30, 2004, (the latest information available) the balance was \$3.1 billion. The net health care costs paid by the Plan were \$268,739,000 for the year ended June 30, 2004. Eligible benefit recipients totaled 111,853 at July 1, 2004.

NOTE 14 - LOANS RECEIVABLE

Loans receivable represent low interest loans made by the County for community development and small business projects under the Federal Community Development Block Grant (CDBG) program and for emergency assistance to county residents administered by the County Commissioners. Loans receivable (net of uncollectible amounts) for the primary government, as of December 31, 2004, consisted of the following:

<u>Fund</u>	<u>Amount</u>	<u>Interest Rate</u>	<u>Terms</u>
ACENET Revolving Loan	\$8,886	11-12%	1.75 to 5 yrs.
CD Revolving Loan	712,037	3-11%	6 to 20 yrs.
Emergency Home Repair Loan	<u>2,483</u>	0%	18 mos. to 8 yrs.
<i>Total</i>	<u>\$723,408</u>		

The non-current portion of the above loans is reported in the equity portion of the balance sheet as Reserved for Loans Receivable, reducing the Undesignated equity.

NOTE 15 - LANDFILL CLOSURE

State and federal laws and regulations require the County to place a final cover on the Athens County 691 landfill site as it has stopped accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure.

The landfill was certified by the EPA as closed in October, 1998 so the post-closure monitoring and maintenance has started. The total cost for this phase over the next twenty-three years is estimated to be \$2,841,906. This estimate is based on amounts provided by the EPA. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County was approved for OWDA loans of \$1,257,450 and \$188,808 to cover the closure and post-closure costs. The terms of these loans are detailed in Note 9, Long-Term Debt and Other Obligations.

NOTE 16 – CAPITAL ASSETS

For governmental activities, depreciation was charged to the functions as follows:

NOTE 17 - PROPERTY TAX REVENUE

Property taxes include amounts levied against real, public utility and tangible personal (business) property. The assessed value by property classification upon which the 2004 tax levy was based follows:

	Assessed Values
Real Property	\$629,517,350
Tangible Personal Property	37,799,952
Public Utility Property	74,898,910
Total	\$742,216,212

Ohio law prohibits taxation of property from all taxing authorities in excess of 10 mills of assessed value without a vote of the people. Presently, the County levies 2.30 mills of the first 10 mills of assessed value for the General Fund. In addition to the 2.30 mills, 16.5 mills have been levied based upon mills voted for the EMS, Health, 317 Board, Children Services, T.B. Hospital, Beacon School and Senior Citizens levies. A summary of voted millage follows:

(a) Dollars per \$1,000 of assessed valuation.

(b) Ohio law provides for a tax credit to voted levies to offset inflationary values resulting from a reappraisal of real property. To attain this tax credit, reduction factors are applied to authorized voted levies so that each levy yields the same amount of property tax as in the year in which the levy was approved. Increases to voted levy revenues are restricted to assessments from new construction. The reduction factors are computed and applied separately for residential/agricultural (R/A) property and commercial/industrial, public utility and mineral (Other) property.

(c) Levies represent replacements of levies originally voted in prior years.

NOTE 17 - PROPERTY TAX REVENUE - Continued

In 2004, real property taxes were levied on January 1, 2004, on assessed values as of January 1, 2003, the lien date. Assessed values are established by the County Auditor at 35% of appraised market value. A revaluation of real property is required to be completed no less than every six years, with a statistical update every third year. The most recent revaluation was completed in 2002. Real estate taxes were due and payable by March 29 and November 8, 2004; personal property taxes were due and payable by May 20 and November 29, 2004. Tangible personal property taxes were assessed on 25% of true value for equipment and 25% of average value for inventories. Public utility property taxes are assessed on 35% of true value (which is, in general, net book value) for real property and 35% for tangible personal property.

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various Agency Funds of the County as Due to Other Funds-Taxes. Accrued property taxes receivable represent current taxes which were levied, measurable and unpaid, as well as, delinquent taxes outstanding as of December 31, 2004. Although total property tax collections for the next ensuing fiscal year are measurable, amounts to be received during the available period are not subject to reasonable estimation at December 31 and are intended to finance the subsequent year's operations. Therefore, the delinquent taxes outstanding and available to the County within the first 60 days of 2005 were recorded as 2004 revenue, the remaining receivable is offset by a credit to deferred revenue in the fund financial statements.

NOTE 18 - SALES TAX REVENUE

On January 19, 1982 the County Commissioners adopted a resolution which allowed for the imposition of a 0.5% permissive sales tax pursuant to Sections 5739.02 and 5741.02, Ohio Revised Code. The tax became effective on February 1, 1982 and remains in effect until it is repealed. The revenues generated from this sales tax are used for providing additional revenue for the County's General Fund.

On September 27, 1988 the County Commissioners adopted a resolution which allowed for the imposition of an additional 0.5% sales tax effective November 1, 1988 and remains in effect until it is repealed. The revenues generated from this additional sales tax are also used for the purpose of providing additional revenue for the County's General Fund.

On November 2, 1993 the voters of Athens County approved a 0.25% additional sales tax effective January 1, 1994 and remains in effect until it is repealed. The revenues generated by this tax are used to fund a 911 Emergency System and to establish a Community Improvements Fund for the use of the townships, villages and cities in the County for permanent improvement in emergency services and other infrastructure.

In 2004, these sales taxes generated a combined total of \$5,651,234 in tax revenue.

NOTE 19 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts, theft, damage to or destruction of assets, errors and omissions, employee injuries, and natural disasters. The County addressed these risks by maintaining a comprehensive risk management program through the purchase of various types of liability, property and crime insurance from a commercial insurer.

The County is a member of the County Risk Sharing Authority (CORSA), which includes 49 Ohio Counties. CORSA provides the following coverages:

Other liability insurance includes a blanket employee bond in the amount of \$1,000,000 per occurrence and all elected officials bonds required by the Ohio Revised Code.

The County covers all its employees under the Ohio Bureau of Worker's Compensation. The County also provides limited major medical, health, dental and vision insurance for those employees who choose to participate through a fully funded plan with Medical Mutual. The premiums are paid by the employees and from each of the respective funds from which the employee is paid and are then used by Medical Mutual to pay any claims. There is also a Stop Loss commercial policy for claims in excess of \$100,000 per employee.

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years. There have been no significant reductions in insurance coverage from the prior year.

NOTE 20 - CONTINGENCIES

The County is a defendant in several claims and lawsuits which may be classified as routine litigation in which minimal non-material damages are being sought.

NOTE 21 - ACCOUNTABILITY

Deficit Fund Balances

Fund	Fund Balance Deficit
<i>Nonmajor Special Revenue Funds:</i>	
Dog and Kennel	\$933
EMA DOJ Grants	5,162
Recycle Ohio	636
Victims Assistance	9,359
 <i>Nonmajor Capital Projects Funds:</i>	
Building Purchases	907,286
Health Department Renovation	70,823

The \$933 deficit in the Dog and Kennel is due to a delay in sending out 2005 dog tag applications which led to charges for services which had not been received at year end and were not available to finance current period expenditures. This deficit will be eliminated through future charges for services. The deficits in the EMA DOJ Grants, Recycle Ohio and Victims Assistance Funds are due to intergovernmental revenues which had not been received at year end and were not available to finance current period expenditures. These deficits will be eliminated through future intergovernmental revenues.

The \$907,286 and \$70,823 deficits in the Building Purchases Fund and the Health Department Renovation Fund are the result of the issuance of a general obligation notes to finance these projects. Once the notes are retired, these deficits will be eliminated.

NOTE 22 - COMPONENT UNITS NOTES TO FINANCIAL STATEMENTS

The following are the ATCO, Inc. and Athens County Port Authority notes to financial statements for the year ended December 31, 2004:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The summary of significant accounting policies is presented to assist in understanding ATCO's and the Port Authority's financial statements. The financial statements and notes are representations of the entities management, who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied to the preparation of the financial statements.

CASH AND CASH EQUIVALENTS

ATCO and the Port Authority considers deposits with maturities of twelve months or less to be cash equivalents.

ALLOWANCE FOR DOUBTFUL ACCOUNTS

ATCO considers accounts receivable to be fully collectible, accordingly, no allowance for doubtful accounts is required.

INVENTORY

Inventories are stated at the lower of cost or market. Cost is determined using the FIFO method.

2. RELATED PARTY TRANSACTIONS

During 2004, Athens County provided facilities, certain equipment and salaries for administration, implementation, and supervision of programs to ATCO, Inc., a discretely presented component unit of Athens County. The Company received \$230,223 for such in-kind contributions.

3. INCOME TAXES

ATCO, Inc. and the Athens County Port Authority are exempt from income tax under Section 501(c)(3) of the Internal Revenue Code.

4. CAPITAL ASSETS

Land is carried at fair value. Property and equipment are carried at cost. ATCO and Athens County Port Authority have elected to calculate depreciation using the straight-line method.

Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized.

NOTES TO THE BASIC FINANCIAL STATEMENTS
For the Year Ended December 31, 2004

NOTE 22 - COMPONENT UNITS NOTES TO FINANCIAL STATEMENTS - Continued

8. CONCENTRATIONS OF CREDIT RISK

ATCO has financial instruments that subject the Company to concentrations of credit risk which include cash accounts in financial institutions that may, from time to time, exceed federal insurance limits. At December 31, 2004, deposits in excess of Federal Deposit Insurance Corporation limits amounted to \$67,279.

For ATCO, two customers represent 59% of total assembly contract billings for 2004 while three customers represent 76% of accounts receivable at December 31, 2004.

9. DEFERRED REVENUE

For ATCO, deferred revenue consists of funds awarded to the Company which have not yet been expended for their intended purpose. Revenue is recognized in the period in which the funds are expended. Should the grant period expire without the funds being fully expended, the Company would be required to return the unspent funds to the grantor. The Company also accounts for unredeemed gift certificate sales as deferred revenue. Deferred revenue at December 31, 2004 consists of:

Grant from the Foundation for Appalachian Ohio	\$7,792
Grant from the Athens Rotary Club	2,500
Music program	2,266
Unredeemed gift certificates	272
Bicycle maintenance	100
	<u>\$12,930</u>

10. PRIOR PERIOD ADJUSTMENT

ATCO had the following prior period adjustments:

The balance of unrestricted net assets at January 1, 2004, has been restated from the balance previously reported to reflect an adjustment of \$40,174 for an understatement of inventory at December 31, 2003.

Net assets attributable to Passion Works were inadvertently classified as restricted net assets in prior financial statements. These amounts have been reclassified as unrestricted net assets in the current financial statements; there are no substantive changes in the amounts originally reported.

NOTE 23 – SUBSEQUENT EVENTS

The County issued a Sales Tax Anticipation Note dated June 30, 2005 in the amount of \$914,000 at an annual interest rate of 4.225% to be paid over a twenty year period. This note was financed through the CCAO Low Cost Capital Pooled Financing Program to retire a bond anticipation note that financed the restoration of the County Courthouse.

Fund Descriptions – Nonmajor Proprietary Funds

Nonmajor Enterprise Funds

Plains Water Revenue

To account for water services provided to individuals of the Plains Water District and the retirement of a Rural Development loan. The costs of providing the water services are financed primarily through user charges. Monthly “water construction” billings to the property owners are used to retire the Rural Development loan.

Buchtel Water Revenue

To account for water services provided to individuals of the Buchtel Water District and the retirement of an OWDA loan. The costs of providing the water services are financed primarily through user charges. Water revenues will be used to retire the OWDA loan.

Rural Solid Waste

To account for revenue from fines and loans to be used for postclosure costs of a county landfill.

Athens County Solid Waste

To account for revenue from user fees used to operate a joint City/County Solid Waste District landfill.

ATHENS COUNTY, OHIO

Fund Descriptions – Nonmajor Fiduciary Funds

Fiduciary funds are used to account for assets held by the County in a trustee capacity, or as an agent for individuals, private organizations, other governments, and/or other funds.

Private Purpose Trust Funds

Children Services Trust

To account for money held in trust for the purpose of providing certain needs for the children under the care of Children Services.

Ida Brooks Trust

To account for money held in trust for the purpose of providing school fees and other educational costs for the children under the care of Children Services.

Ruth Dye Trust

To account for money held in trust for the purpose of establishing and maintaining a public park to be named Ferndale.

Unclaimed Money

To account for monies which have yet to be claimed by their rightful owners. These monies include outstanding checks and overpayments on taxes.

Agency Funds

Health District

To account for the funds and subfunds of the Board of Health for which the county auditor is ex officio fiscal agent as required under Section 1515.23, Ohio Revised Code.

ADA Mental Health (317 Board)

To account for a county-wide property tax levy, property tax revenues from Hocking and Vinton counties, and federal and state grants that have been expended primarily to pay the cost of contracts with local mental health agencies that provide services to the public at large.

Soil Conservation

To account for funds and subfunds of the Soil and Water Conservation District, established under Chapter 1515, Revised Code, for which the county auditor is fiscal agent.

Help Me Grow

To account for monies received from the state to be used by the Athens County Children Services for services to families and children.

Family and Children First Council

To account for monies received from the Ohio Children Trust Fund, through the Ohio Department of Job and Family Services, to provide for coordination of various family and community-based organizations in the planning and implementation of services for families with children.

Undivided Tax Agency

To account for the first and second half collection of real estate, special assessments, personal property, trailer and various other local taxes, including inheritance, cigarette, income, homestead rollback, gasoline, motor vehicle, permissive, hotel/motel and public library. These collections are periodically apportioned to local governments in the County.

S.E.O. (Southeast Ohio) Correctional Center

To account for revenue from federal and state grants that is used for the administrative costs of constructing the Southeast Ohio Correctional Center in Nelsonville.

ATHENS COUNTY, OHIO

Law Enforcement Agency

To account for revenue received from sale of contraband to be used by the Prosecuting Attorney and Sheriff for the purpose of law enforcement.

Athens-Hocking Solid Waste District Agency

To account for the operating funds of the Joint Solid Waste District for which the County Auditor is the fiscal officer. The district is comprised of Athens and Hocking Counties.

Insurance Agency

To account for monies received from former County employees to pay for their post-employment health insurance benefits.

Payroll Agency

To account for payroll taxes and other related payroll deductions accumulated from the governmental and proprietary funds for distribution to other governmental units and private organizations.

County Court Agency

To account for the following court activities not being reflected within the County's accounting system:

1. Clerk of Courts auto title fees, and legal (court related) receipts, and dispositions;
2. Probate Court related receipts; and
3. Juvenile Court related receipts.

Alimony and Child Support Agency

To account for the collection of alimony and child support payments and the distribution of such monies to the court-designated recipients.

County Sheriff Agency

To account for the activities of the County Sheriff's civil account that is not currently reflected in the County's accounting system.

Housing Trust Agency

To account for monies from fees charged by the Recorder that are due to the State.
